

“Most Powerful Energy Work I Have Seen...

to help heal & release things from the physical body”

“I Wouldn’t Have Believed it but it Happened to Me.”

The evening of my first training I healed a woman of a sore throat in about 5 minutes without the aid of my workshop notes! Since then I’ve not only received my mastery training but I’ve developed unique systems and protocols that are easier to learn and use than what I was taught. 97% of my clients feel better in just a few minutes!
